FOUNT-O-INK WRITING SETS DON'T GO DRY!

They Actually Fill Themselves --- And No Messy Well Filling Ever!

Always ready for instant action, Fount-O-Ink Writing Sets speed up office routine and save precious time for busy people. They start instantly and do not go dry. The founts hold ink to last a busy user six months to a year. Ink founts are clean and easy to change, eliminating messy filling.

The ink is fed by induction from the supply bottle to well just as it is used. Atmospheric pressure is controlled, the ink level is correct and constant. The Fount-O-Ink pen fills at its very tip by capillary action, and thus is never over-loaded but writes with a clean, uniform line from beginning to end.

Fount-O-Ink Writing Sets end the nuisance of dry or empty pens. The executive with Fount-O-Ink need never lose a thought because his pen "won't go." The order clerk with Fount-O-Ink never misses a message; the stenographer gains speed and accuracy she never dreamed of; the bookkeeper gets those clean, even pages he has always dreamed of. Everyone who writes gets new impetus in their work, greater accuracy and better content. Fount-O-Ink Writing Sets are a thrill to use that makes work with them a pleasure.

SHIPPING INFORMATION

GREGORY FOUNT-O-INK COMPANY

3501-11 EAGLE ROCK BLVD.
LOS ANGELES 41, CALIFORNIA, U.S.A.

It will help you and help your supplier if you specify on your order how you want it shipped. If you specify "Best Way" our shipping department will figure out the most expeditious and least costly way to send it.

ONE POINT WE WANT TO EMPHASIZE about small shipments, 100 lbs. is the minimum charge for railroad or steamship freight. For instance, if the rate to your city is \$6.00 per 100 lbs. and you have only 20 lbs. that 20 lbs. will cost the full \$6.00, but if you have 120 lbs. the extra 20 lbs. will cost only at the 100 lb. rate or \$1.20.

The freight rate for ink is less than for sets. If a shipment contains both sets and cases of ink and is 100 lbs. or less, the rate for sets will be charged. If however, the shipment exceeds 100 lbs. all the weight of cases of ink that exceed the 100 lb. minimum will be at the ink rate. For instance, if the shipment is 150 lbs. as much as 50 lbs. of cases of ink would take the 100 lb. ink rate. Thus a saving is made by combining your requirements into one shipment.

Motor truck freight is cheaper than rail freight. We use it whenever possible. Less than 100 lbs. may be shipped by truck at a reasonable portion of the 100 lb. cost. You can obtain rates in your city from your local company.

Air Freight

Winter Ink

It is important to order supplies of ink in September to carry you over winter for freezing weather may break the ink bottles in transit. You can then order sets without ink in winter and add the ink bottle when you receive them. March 15th is the earliest safe spring shipping date.

The following are some approximate weights of Fount-O-Ink sets, complete with ink and packed in individual box. Allowance must be made for shipping carton and packing.

- No. 23 sets - weigh 12 oz. With metal cover - weigh 14 oz.
- No. 21 style, all plastic single sets, such as D-21-W - weigh 1 lb. 1 oz.
- No. 21 style plastic single sets with metal cover - weigh 1 lb. 3 oz.
- No. 22 style all plastic double sets, such as D-22-W - weigh 1 lb. 12 oz. With metal covers - weigh 2 lbs.
- No. 21 style single sets with streamline metal base and cover, such as D-21-CC - weigh 1 lb. 4 oz.
- No. 22 style double sets with streamline metal base and cover, such as D-22-CC - weigh 2 lbs. 2 oz.
- Single executive sets - weigh 1 lb. 12 oz. Double executive sets - weigh 3 lbs.
- Ornament sets - weigh 3 lbs. 12 oz.
- Single calendar sets - weigh 2 lbs. 8 oz. Double calendar sets - weigh 4 lbs.

Weights of Ink Packed

A case of 36 bottles No. 2-S Ink.....	14 lbs.	48 bottles.....	18½ lbs.
A case of 36 bottles No. 20 Ink.....	17 lbs.	48 bottles.....	20½ lbs.
A case of 36 bottles No. 4 Ink.....			22½ lbs.
Pints.....			2 lbs.
Quarts.....			4 lbs.

PLEASE NOTE: Postal regulations do not permit more than 24 ounces of ink in small bottles in one parcel. The limit is 12 - 2 oz. bottles or 6 - 4 oz. bottles. A quart or pint may go by parcel post if properly packed.
